## Learning Objectives

At the conclusion of this symposium participants will be able to:

- Understand spirituality in the context of relationship-centered patient care;
- Define the roll of chaplains on palliative care teams;
- Describe end-of-life care options, advance care planning, and how to have “the conversation”
- Understand caregiving during a crisis using silence, listening, and appropriate responses;
- Describe helping clients enhance spiritual coping with end-of life including spiritual practices, rituals and beliefs.

## Credits
