

HOSPICE GIVING FOUNDATION 2021 SYMPOSIUM PSYCHEDELIC MEDICINE IN END-OF-LIFE CARE

A two-day symposium of thought leaders, researchers, and clinicians discussing the use of psychedelic medicine in the treatment of suffering at the end of life.

The past decade has seen a renaissance in medicinal psychedelic research in end-of-life care, with encouraging results. This symposium will focus on the depth of evidence and experience underlying the value of these substances for anxiety and depression, presented by top experts in the field.
