

Juntos con Esperanza is a partnership established by HG Foundation in 2019 to promote acceptance, understanding, and care, through end of life for people in Latinx communities in South Monterey County. Our focus is to better understand desired/needed services, the influence of community members' culture, faith, and family relationships, and how to make culturally relevant care, education, and services available.

## **BUILDING HOPE AT THE END OF LIFE**

**No decisions run deeper than those at the end of life. If you or your loved one has a life-limiting medical condition, learn how to get the help you want and deserve.**

### **WHAT IS END-OF-LIFE CARE?**

- The focus is on providing comfort, pain relief, and support for people with advanced health conditions that limit their lives.
- It is available to people of all ages, including children.
- Care is provided at home, in the hospital, or in a Skilled Nursing Facility.
- There is a specialized medical team available by telephone 24/7 for questions and emergencies.

### **HOW MUCH DOES IT COST?**

- Services are usually covered by Medicare, Medi-Cal, and most insurance companies subject to individual policy deductibles, coinsurance, and out-of-pocket limitations.
- There is assistance for those who don't have insurance.
